The task is to create three webpages. First is Login page having two buttons Login and Register.

The screenshot shows a web browser window with the address bar displaying 'localhost:63342/untitled1/index.html'. The page has a dark header with the title 'Location and Weather Details' on the left and navigation links 'Sign In', 'Register', and 'Home' on the right. Below the header is a large light gray section with the title 'Location and Weather Details' in a large font. Underneath this is a login form with two input fields: 'Username' with the placeholder text 'enter your username' and 'Password' with the placeholder text 'enter your password'. Below the password field are two buttons: 'Sign in' and 'Register'. At the bottom of the page is a dark footer with the text 'Site Built by Sidrah Junaid'.
